

About Ecobuild

Ecobuild is a global event brand that connects sustainable design and construction professionals in order to help them to learn, network and discover new ideas and innovative products.

Ecobuild's global audience has a common purpose - to create a cleaner, greener, efficient and more sustainable built environment.

The event attracts 1,000 exhibitors and 44,000 visitors from 120 countries around the world.

Ecobuild is proud to be at the centre of a forward-thinking and passionate community and the meeting place for the sustainable built environment.

Register for Ecobuild matchmaking free of charge today.

Finding European partners in ECO-CONSTRUCTION

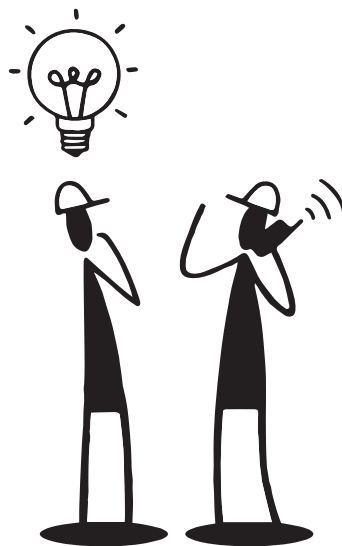

Enterprise Europe South EastUK is organising a European Matchmaking event at Ecobuild, one of the biggest events in the world for sustainable construction.

Meet new partners from all over Europe over one days!

The matchmaking event aims to initiate business and technology co-operations - such as sales and distribution, license agreements, joint ventures, commercial agreements with technical assistance or European research projects - by offering pre-arranged 30-minute one-to-one meetings.

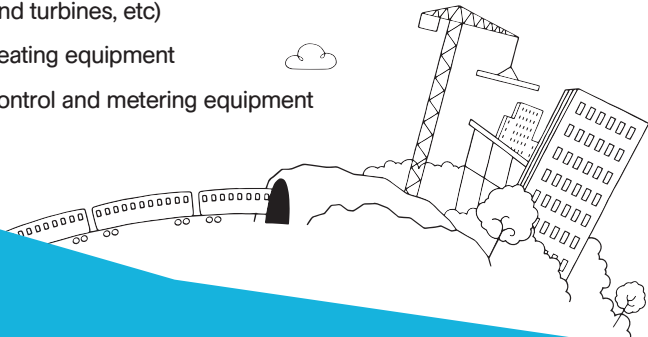

Thematic focus of the Matchmaking Event

- Sustainable design
- Progressive and efficiency technologies (Low energy, passive, intelligent, ecological)
- New building material and technologies
- Systems and equipment using energy from alternative sources (Solar panels, heat pumps, equipment for cooling and recuperation of heat, wind turbines, etc)
- Heating equipment
- Control and metering equipment

It's your opportunity to
arrange 1:1 meetings with
suitable technology and
commercial partners from
all over Europe during your
visit to the show.

Register at :
[www.b2match.eu/
ecobuild2014](http://www.b2match.eu/ecobuild2014)

How to participate

The basis for the co-operation meetings is an online catalogue with the profiles of each participant

Register Online:

www.b2match.eu/ecobuild2014

Select interesting profiles in the continuously updated on-line catalogue

Request meetings according to your schedule. If confirmed a meeting will be booked by organisers

Deadlines

21 February 2014

Registration and profile submission

1 March 2014

Request meeting with suitable participants

2 March 2014

Meeting schedules will be sent out to participants
